but the quality of our goods and fits
the still the best. Samples and self
measuring blanks sent to any address
upon application. Harry L. McDuffee,
merchant tailor, Reno, Nevada.

SHUDDERS AT HIS PAST.

"I recall now with horror," says Mail
Carrier Burnett Mann, of Levanna, O.,
"my three years of suffering from Kid-
ney trouble. I was hardly ever free
from dull aches or acute pains in my
back. To stoop or lift mail sacks
made me groan. I felt tired, worn out,
about ready to give, when I began to
use Electric Bitters, but six bottles
completely cured me and made me feel
like a new man." They're unrivaled to
regulate Stomach, Liver, Kidneys and
Bowels. Perfect satisfaction guaran-
teed.

WEDNESDAY, MAY 15, 1901

PRODUCTION AND DISTRIBUTION.

In the February number of the New England Democrat Magazine, Hon. Geo. W. Maddox of Georgia, in a contribution on "Tariffs and Trusts," hits the nail on its head, when he says: "The more general the distribution of wealth, the freer, happier and more enlightened the people."
The aphorism might be used as the text in every argument on the relative conditions and rights of capital and labor. Indeed, the writer might have gone further with the flat assertion that fully ninety per cent of the want and suffering at present existing in the United States is due directly to the ignoring of the fact by our national legislators, who are encouraging by class legislation and by special privileges, over-production, and at the same time barring the way to just and equitable distribution.
It is a conservative estimate that upon an all round average, with the same amount of labor, twenty times the quantity of everything necessary to the use and comfort of mankind can be had as at the present time produced, than could have been half a century ago. But, notwithstanding this wonderful increase of producing power, it is nevertheless true that while one person was suffering for the necessities of life fifty years ago, there are today one hundred scantly clad bodies gnawing stomachs and unsheltered heads in this, our glorious land of patriotism, plenty, plunder and plenty. It is not an anomalous condition that want and destitution should increase at an inverse ratio with the means of production of all the materials for their relief?
But it is not sufficient to solve the problem, a paradoxical problem. Its solution is simple and plain. The Republican party, since it has been in power, has only considered the side of the question which had been previously settled by inventive genius, science and human progress. We mean the side of production. The strides in that direction on the last century cannot be described as merely marvelous. They read like a fairy tale or one of Jules Verne's stories, with scarcely a distinguishing line between the morally impossible and the supernatural.
It is no longer a question of production beyond the possibility of want from that cause and yet want and destitution do exist to a hundred fold greater extent than previous to this era of producing power and the glut of plenty.
Latter day American statesmen, or at least those of the party which has controlled the government of the country most of the time in the last forty years, do not appear to realize the fact that the aggregate wealth of a nation is not evidence of its general prosperity. The most prosperous and happy nation or community is one where there are no extremely rich nor exceedingly poor people. This can be illustrated by a very simple and plain proposition. Would it not be better for the general prosperity of any one of our Nevada counties, for instance, if a million dollars were to be distributed, if it were divided among the hundred persons, each of them receiving five thousand dollars than that the entire sum be given to a single individual? Then why should not the same rule hold good in the case of a nation as with counties, cities or villages? Unquestionably it does.
But legislation has been wholly directed to the encouragement of production, which needs no incentive, subsidy or protection. A productive tariff, such as is represented in the Dingley act, while it promotes the interests of the ———, its burdens fall upon the many. It has been truly and wisely said that "the tariff is the father of the trusts," for the latter are the natural evolution of the former and without it they could not exist.
There is no reason under God's Heaven why in this resourceful land, with the wonderfully increased powers of production, why any inhabitant, except the wilfully idle and vicious, should lack any of the necessities, comforts, or even many things which were considered luxuries fifty years ago. There is an abundance for every willing hand, and more than enough to provide bountifully for the infirm and other unfortunate. But the present condition of things is directed to the matter of distribution instead of production, which is no longer a question but a realized and self evident fact.
Wise and humane legislation can alone accomplish this most desired result. That it will be done in the course of time we are fully confident. And when such time shall arrive, the greatest people achievements of humanity

will be accomplished and from the new social structure future generations will look back to the present time as we look back upon the monstrous barbarities and autocratic tyranny of the middle ages.

THE CROP BULLETIN.

Reports Received From All Sections of the State and Summarized.

Carson City, May 14, 1901.
According to the reports of correspondents the weather of the past week was very favorable to farming interests. There was a general absence of frost and precipitation, the weather being warm and fair, with a high percentage of sunshine. It has been the warmest and best growing week since the opening of the current crop season. Vegetation of all kinds made rapid and satisfactory growth. The grain, grass and alfalfa crops are in promising condition, and the outlook for a good fruit crop is very encouraging. The planting of potatoes and garden truck is in progress; some of the early planted potatoes are up and growing nicely. The range feed is getting better and livestock is doing well generally.

LITTLE LOCAL BREVITIES

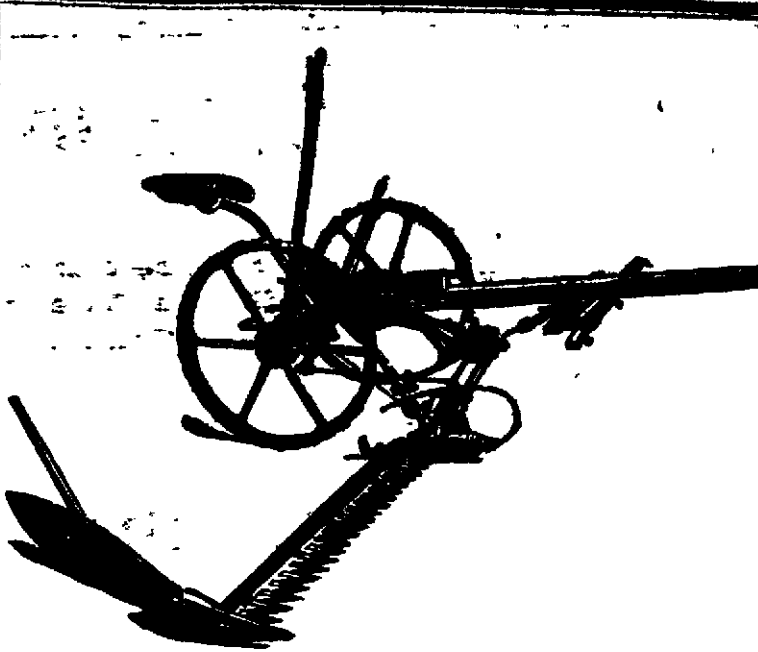

Items of Street and Town too Brief for Separate Heads.

The entertainment committee of the Reno Wheelmen are arranging to give a grand ball on the evening of the 17th.
Doves are showing up, but don't shoot 'em until the 15th of July or you'll get yourself in the middle of a. d. b. fix.
Work on the new buildings at the State University will commence about June 1st. The plans are all drawn up. Four more telephones were added to the local exchange yesterday.
Horse thieves are operating in this vicinity. Sam Wheeler and Senator Planigan are each short an equine.
Vice-president Dunaway of the N. O. will erect a residence on Court street and move his family here from Denver.
All the business houses in Reno in course of construction were rented before building operations commenced. Here is a quiet tip to men with money.
The cases against McLeod and Pika, charged with illegal fishing, were called yesterday. The former case was dismissed and the latter asked for a jury trial.
Don't forget that M. Frank & Co. carry a full line of men's and boys' shoes, hats, underwear and all fine selected line of clothing.
Shasta, and Cooke Mineral Waters at Thives, by bottle or dozen.
Designer and Standard patterns for June on sale at Mrs. Petrie's.
Cottolene, ham, lard, bacon and groceries of all kinds for sale at Frank Campbell's.
The Senior class of the Virginia high school will come to Reno on the 17th to pay their annual call upon the Reno seniors. They will be hospitably received.
Mrs. Sauer will graduate forty pupils from her music class this spring.
Two extra coaches were attached to the local Sunday to convey the young visitors from the south to their homes.
Dr. Phelps' lecture in the Methodist church Friday evening promises to be very interesting.
RACING MATTERS.
The Racing Board of the Reno Wheelmen met last evening and took steps for a fine racing season.
The Carson City relay team, which I considered the very best on the coast outside our own team, has been communicated with and a race will probably be arranged for the latter part of June. All the other noted teams of the coast have been sounded as to races and all seem anxious to try for the championship.
Captain Ed. Shaver requests all who intend riding this season to report to him at the Club rooms this evening at 8:30. Light work will begin at once, and it is the wish of the board to put two crackjack relay teams in the field this season. The new racing course at the track will be in condition for training in a very few days, when work will be commenced in dead earnest.
HOW'S THIS?
We offer One Hundred Dollars Reward to any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & Co., Prop., Toledo, O.
We, the undersigned, have known F. J. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligation made by their firm.
West & Traux, Wholesale Druggists, Toledo, O. WALKING, KINNAN & MARVIN, Wholesale Druggists, O.
Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous state of the system. Price 75 cents per bottle. Sold by all druggists. Testimonials free.
Hall's Family Pills are the best.

MINERS AND PROSPECTS

What is Being Done With Pick and Shovel in This Vicinity.

Yesterday's ore shipments amounted to 45 tons, valued at \$5400. Reno is already in the first place as a mineral producer in the Great Basin. In another month this will be the liveliest camp on the coast. The town is full of prospective buyers, but the sellers are few. How long before Reno will have 10,000 population?
There were rumors yesterday of a big deal in Olinghouse gulch. The presence of a number of mine owners from the gulch in town last evening and the manner in which they conducted themselves were evidence that something was doing, but nothing was given out for publication.
H. Barton, John Gilling and A. Loring are drilling for the mother lode a mile north of Bryan City. They had very encouraging surface assays and have started a shaft. J. C. Busan is sinking it for them. He is down 23 feet and is already in chlorite. The decomposed felsite is carrying quartz and kyanite and is rapidly assuming the characteristics of the rock in the big strike.
A number of teams are hauling ore from Bryan City. Wedekind's rock comes in sacks, but Bell is shipping in bulk. By the way, his rock doesn't look good enough to throw at a coyote. But you can't most always sometimes tell.
WHEELMEN'S ENTERTAINMENT.
Reno Wheelmen Club are making great preparations for their entertainment and dance to be given in their club rooms next Friday evening. Prof. Schwartz's excellent orchestra will be in attendance, and the following excellent program has been arranged.
Overture Orchestra
Opening address J. M. Gray
Song "Journal" Quartette
Instrumental solo Cornet
Richard Tobin.
Vocal solo Leo Hickman
Instrumental solo Prof. Schwartz
Recitation Miss Edna Johnson
Instrumental solo French horn
C. P. Chamberlain.
Vocal solo Miss Hepburn Michael
Instrumental solo Mrs. V. P. Hall
An invitation has been extended to the Seniors of the Virginia and Reno High Schools, who will attend.
NOT SO, ALRETTY YET.
A few days ago an occasional publication in the Reno "red light" district announced, in order to be honored with a quarrel with a newspaper, that the Journal had been purchased by a Lovelock editor and would be henceforth Republican in politics. No attention was paid to the three-column-once-in-a-while fellow, but reputable papers have since copied the item. For the erudition of the general reading public be it said that there is no more truth in the item than there is brains, honor or worth in its author.
LECTURE ON SCOTLAND
So interesting and well patronized was Rev. J. W. Lundy's lecture on Ireland in the Congregational Church Monday evening that he was requested to deliver his lecture on Scotland at the same place last night.
It was very well received. The stereoscopic views were especially fine. A nature of the lecture was the singing of Scottish ballads. The lecture was under the auspices of the St. Margaret Society.
BIDS OPENED.
Bids for the construction of the Babcock memorial kindergarten building were opened at 2 o'clock yesterday afternoon at S. J. Hodgkinson's store by the Kindergarten trustees. Following were the amounts of the bids: Andrew Patterson, \$6931, George Holsenworth, \$8420, Caine & Schader, \$9380. In account of not all the money subscribed being available at present the contract was not let.
WATER LEVEL.
From all indications timbermen will soon be needed at Bryan City. Water is beginning to come in at a depth of 135 feet, which is below the level of Truckee River. The formation is such that water is liable to make a huge trouble. When dry the formation is very tough and stands up well. As of there is no necessity for pumps, but no one knows what ten feet more may bring forth.
ERRATUM.
The last issue of the Journal sent Mrs. Shearer to San Francisco. She has not departed for the Golden Gate, but will leave today for Detroit, where she will study for the degree of Doctor of Osteopathy. She will also visit New York, Chicago and Buffalo before returning.
SLIGHT DEDUCTIONS.
Last evening there was a meeting of Monumental Home Company, No. 4. The usual dividend of \$5 a month was declared, less a small assessment levied upon a few of the boys for not hearing the fire bell the night the China shack burned down.
SELLING OUT.
Miss Gibbs will close out her entire stock of millinery and fancy goods. Great bargains are offered.

J. R. BRADLEY CO., Agents.

TELEGRAPHIC

Near Being a Riot.
Special to the JOURNAL.
SAN FRANCISCO, May 15.—President McKinley and cabinet made formal entry into the city yesterday afternoon and was greeted by tremendous crowds. The people were very enthusiastic. Last night at the public reception there came near being a riot. In the crush at the ferry building the guards swept aside the crowd and a terrific jam resulted. Scores of women fainted. The President was unable to make a speech and left the building.

Militia Called Out.
Special to the JOURNAL.
ALBANY, N. Y., May 15.—After a day of rioting in which one man was killed and many injured, 1,000 militiamen were called out last night to enable the street cars to run with non-union men. Attempts to operate the cars yesterday proved absolutely useless. Much bloodshed is feared today.

Plot Discovered.
Special to the JOURNAL.
LONDON May 15.—A dispatch from Vienna says a great plot to kidnap the Sultan of Turkey and remove him from power on the ground of being insane, has been discovered. Several of the ringleaders are under arrest.

BUILDING OUTLOOK BRIGHT.
Richard Ryland opened his brick yard for the season this week. He employs eight men and expects to burn between 600,000 and a million bricks this season. He looks forward to great activity in the building trades this season.
NOTHING LEFT.
The historic old pavilion is now a thing of the past. Its site is a vacant lot covered with rubbish. All the material has been removed to the fair grounds. It will be reconstructed there without delay.

OLD SOLDIER'S EXPERIENCE.
M. M. Austin, civil war veteran, of Winchester, Ind., writes: "My wife was sick a long time in spite of good doctor's treatment, but was wholly cured by Dr. King's New Life Pills, which worked wonders for health." They always do. Try them. Only 25c. Sold by S. J. Hodgkinson.

Told by Pain
If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women today who are bearing a fearful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. They let the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of **WINE OF CARDUI**
In the privacy of their homes. You can be cured without embarrassing publicity. With these facts before you there is no reason for the delay which is increasing your misery and wasting the days of your life. Why not stop the pain today?
Belen, N.M., March 8, 1900.
I have used one bottle of Wine of Cardui and one package of Thinford's "Black-Dragon". Before I began to take your medicines I had pains in my head, low, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicines until I am cured. For I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me.
MAYBELLA SMITH.

SHUDDERS AT HIS PAST.
"I recall now with horror," says Mail Carrier Burnett Mann, of Levanna, O., "my three years of suffering from Kidney trouble. I was hardly ever free from dull aches or aches pains in my back. To stoop or lift mail sacks made me groan. I felt tired, worn out, about ready to give up, when I began to use Electric Bitters, but six bottles completely cured me and made me feel like a new man." They're unrivaled to regulate stomach, Liver, Kidneys and Bowels. Perfect satisfaction guaranteed.
Sold by S. J. Hodgkinson.
IT SAVED HIS LEG.
P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world.
Sold by S. J. Hodgkinson.

N. E. WILSON, Chairman Faculty Committee on Athletics Nevada State University.

WILLIAM LEETE HAYS, President Student Body Nevada State University.

ORATORICAL DIVISION.

Contest held in gymnasium Nevada State University, Friday evening, May 10, 1901.

The report of the judges was made by their chairman, Rev. Samuel Unsworth, who stated that all the contestants had made a very creditable showing, and that the committee had no little trouble in reaching a conclusion, except in the case of Miss Mabel Songey of Gold Hill.

The awards of prizes were made as follows: Girls' first prize—Miss Mabel Songey of Gold Hill.

Girls' second prize—Alexina LaPort of Carson City.

The decision of the judges for second place was not unanimous; Miss LaPort of Carson receiving two votes and Miss Mabel P. Evans of Wadsworth receiving one vote.

Boys' first prize—Edwin Mulcahy, Carson City.

Boys' second prize—Leo Dickey, Reno.

L. W. CUSHMAN, Chairman Faculty Committee on Public Exercises Nevada State University.

WILLIAM LEETE HAYS, President Student Body Nevada State University.

PERSONAL MENTION

A Batch of Interesting News by a Journal Correspondent.

George Tranter spent Sunday in Carson.

William Cristler has been taken over to Carson in a critical condition. The News said last evening that he is not expected to live through the night.

Miss Kate Sayers is visiting friends in Empire.

Chas. Nash and A. J. Pritchett left yesterday for Douglas.

George Saxton is visiting relatives in Carson.

W. P. Gallagher of Wadsworth is on the night shift at the Owl during Ed. Stone's leave of absence.

Thos. Mack, the Dayton civil engineer, is at Bryan City surveying mining claims.

Miss Ned of Susanville is stopping at the Arcade.

Alfred Phillips is quite ill with typhoid fever.

Carl Stoddard left yesterday for Eureka where he will engage in mining.

L. S. Greenlaw spent last week in Sierra Valley.

Frank Fry has returned from a visit to Sierra Valley.

Route Agent Lobner has returned from the north where he established a Wells, Fargo office at Silverville.

Judge Goodwin and wife are down from Susanville.

A. J. McCone, the Virginia countryman, spent Sunday in Reno.

Judge Currier is holding court in Churchill county.

Superintendent Monrore of Constantia ranch spent yesterday in Reno.

A. B. Manheim left for San Francisco last night. He will reside in the metropolis hereafter.

H. A. Porter is down from Verdi.

Mrs. Wm. Fogg has been quite ill but is now convalescent.

C. W. Kinney, a Wadsworth druggist, is spending a few days in Reno.

Wm. Brown of London and S. Hanford of New York are here looking for purchasable mines.

B. F. McClure is down from Carson.

Mr. and Mrs. A. W. Brown of San Francisco are guests at the Riverside.

Joseph Brown and family of Bridgeport, California, are spending a few days in Reno.

John Holmes leaves this morning for Castle Peak where he will work in the Dunderberg mine.

Re. Lothrop was up from Wadsworth yesterday.

W. P. McComas is down from the Four Hills.

ADVERTISING PAYS.

On Monday Mrs. C. P. Fernal lost a gold watch and, fully appreciating the value of prater's ink when used by a good advertising medium, she immediately proceeded to the Journal office where she ordered an ad placed in the fifty-cent column notifying the public of her loss.

Less than two hours after the paper was circulated Young Roff, who is a reader of the Journal and an honest boy, appeared with the watch and Mrs. Fernal was made happy by its prompt return to her. Moral—Advertising pays when placed in a daily publication.

HOPE IT'S TRUE.

A deal is said to be on for the sale of the Reno Redemption works and it is reported that the prospective buyers will operate it as a custom mill. If they tote fair and make a success of their process it will be a big boom for this section.

TO WHOM IT MAY CONCERN.

Better ones, \$9.00 and \$10.00.

Elegant Suits of Quality seldom Exceeded, \$12.00.

H. LETER, The Clothier. Reno, 12, Commercial Row Nev.

THIS is a half-section view of the **Racycle** Crank Hanger.

MR. RIDER—If you examine the Crank Hanger of the Racycle, you will see that the chain and sprocket run between the two bearings, instead of on the side of both, like other bicycles, therefore cutting off all side leverage, side pressure and binding on the bearings, chain and sprocket. We will be pleased to show you the infringements other bicycle factories had on the Racycle if you call at our store, also show you why you don't have to oil the Crank Hanger of the Racycle for one year. It has a magazine self oiler. A Racycle is a bicycle, but a bicycle is not a Racycle. RENTING, REPAIRING, RIDING LESSONS, EVERYTHING FOR BICYCLES, No. 18 Second street, Reno.

FINISHED THEIR WORK

Colonel and Mrs. Duncan's Visit to Reno and its Results.

(Communication.)

The ice cream social at the Volunteer armory on Saturday night was a great success. The attendance was good and the local officers, Captain and Mrs. Thomas, are highly pleased with the result. The University band rendered some fine selections and their presence was highly appreciated, both by the officers of the volunteers and the audience.

The visiting officers, Col. and Mrs. Duncan, express themselves as highly pleased with the result of their visit and also with the work so far accomplished by the local officers and declare that the outlook for the future of the work in Reno is very bright.

The last service of the visit in the Baptist Church on Sunday night was largely attended. Colonel Duncan spoke at length on the aims, objects and results of the movement, which, although but five years old, has accomplished a great amount of good and is already established in some one hundred and fifty of the cities and towns throughout the country.

The Colonel laid particular stress upon the fact that the movement is a home missionary society and of its affiliation with the churches, and urged upon all Christian present to stand by and help the local work.

The Colonel was followed by his wife who gave a brief but eloquent address, urging upon her hearers the importance of living so that their lives should shed an influence for good.

Col. and Mrs. Duncan returned to San Francisco on the midnight train.

UP COUNTRY CORRESPONDENCE

Twenty stamps in the Brunswick mine on Carson River are crushing ore from the Cholar mine in Gold Hill.

Over one hundred persons have changed cars from the Y. & T. to S. P. bound for the McKinley celebration in the last two days.

Dan O'Keefe spent yesterday in Carson. He says Carson can get a hustle on, as they have raised a considerable sum for a Fourth of July celebration and later on a four days' carnival. About two thousand dollars was subscribed Monday afternoon.

DIAMOND SETTING.

As this is a very important branch of the jewelry business, we started no means in getting the best diamond setter on the coast. If you have any stone to be reset it will pay you to take it to the Golden Jewelry Company.

2327

MINING MEN TO UNITE

An Organization to be Formed for Mutual Benefit and the Public Good.

A petition was circulated yesterday day among claim owners and numerous signed. It is a call for a meeting of mining men to be held at the court house, Friday evening, May 24th.

The purpose of the meeting will be to organize a mining men's association. This association plans to do many things. It will be to a certain degree a protective organization and will aim to foster the mining industry in Washoe county.

One of the plans is to establish a headquarters in this city, where intending investors may find exhibits of ore, plans of mines and literature regarding the mineral resources of this vicinity.

This association will also act as a board of trade, an eminently important organization which the merchants of Reno have always studiously avoided forming and sustaining.

TALLAC TO BE REOPENED.

"Lucy" Baldwin's famous summer resort at Lake Tahoe, the Tallac House, will be reopened about the 10th of this month under the management of M. Lawrence & Co. Mr. Lawrence has had a large force of men working on the grounds, and building more cottages to accommodate the expected crowd of tourists during the coming summer.

A GOOD PROSPECT.

At a depth of 140 feet the shaft in the Eastern Star mine north of Bryan City is in ore assaying \$5.55. The shaft is to be sunk 150 feet deeper. An additional force will be put to work today.

EXPERT REPAIRING.

The Frank Golden Jewelry Company is now prepared to do the most complicated watch and jewelry repairing on short notice of any step on the coast. Only expert workmen employed. Give us a trial. May151w

FOUGHT FOR HIS LIFE.

"My father and sister both died of Consumption," writes J. T. Weather-fox, of Wyandotte, Mich. "and I was saved from the same frightful fate only by Dr. King's New Discovery. An attack of pneumonia left an obstinate cough and a very severe lung trouble which an excellent doctor could not help, but a few months' use of this wonderful medicine made me as well as ever and I gained much in weight." Infal- lible for colds, croup, whooping cough, influenza, croup, colds, and all throat and lung trouble. Trial bottles free. Guaranteed bottles 50c and \$1. Sold by S. J. Hedges.
